Technical Support - Extrusions

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

AG Part #	Description	Stock Length	Shape	Usage	Unit
1001	ASD LATCH JAMB	136"		Latch jamb for ASD door. Filler for this part is #1003 and vinyl seal is #4015. #1001 has 1/2" of adjustment.	A/U
1002	ASD HINGE JAMB	136"		Hinge jamb for ASD door. Filler for this part is #1003 and vinyl seal is #4015. #1002 has 1/2" of adjustment. Hinge components are 2201, 2220 & 2213.	A/U
1003	ASD JAMB FILLER	136"		Adjustment filler for the ASD door. Part's #1001 and #1002 slide over this part. ASD Door has one inch of total adjustment.	A/U
X001	ASD-X LATCH JAMB	136"		Latch jamb for ASD-X door. Filler for this part is #X003 and vinyl seal is #4015. #X001 has 1" of adjustment.	A/U
X002	ASD-X HINGE JAMB	136"		Hinge jamb for ASD-X door. Filler for this part is #X003 and vinyl seal is #4015. #X002 has 1" adjustment.	A/U
X003	ASD-X JAMB FILLER	136"		Adjustment filler for the ASD-X door. Part's #X001 and #X002 slide over this part. ASD-X has two inches of total adjustment.	A/U
1004	90° TUB POST	140"		90° post for ATE/ASE-90's. Attaches to part #1042 with #2106.	A/U
1005	Allure Latch Jamb			Latch Jamb for ASD Allure System door. Filler for this door is part #1003 and magnetic sill is #4100. #1005 has 1/2" of adjustment.	A/U
1009	ASD DRIP ASSEMBLY	120"		Drip deflector for ASD and ASD-X doors. Deflector attaches directly to 1/4" glass. #4018 is used as the sweep.	A/U
1012	ASD HINGE JAMB	136"		Hinge jamb for non-adjustable ASD doors. Same function as #1002.	A/U
1013	ASD LATCH JAMB	136"		Latch jamb for non-adjustable ASD doors. Same function as #1001.	A/U
1016	A/U BUTTRESS SILL	120"		Interlocking horizontal buttress sill. This is a wet glaze channel, no vinyl is required. Weep holes are recommended. Not interchangeable with #1070.	A/U

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Extrusions

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

AG Part #	Description	Stock Length	Shape	Usage	Unit
1018	3/8" GLASS WALL CHANNEL	120"		Wall channel for 3/8" enclosures. Requires #4033 for glazing vinyl.	E
1019	A/V/F LOW CURB DAM STRIP	144"		Low curb that comes standard on all ASD, VSD and FSD doors installed w/o side panels. Adds 3/8" to height of unit (standard height already has this added).	A/U/V/F
1020	STALL EURO HEADER (120")	144"		Tubular, European style A-Collection stall header is interchangeable with #1021. Miters attached with a #2016 or #2018 plate and 2 qty. #2015 or 2 qty. #2017 clips, respectively.	A/U
1021	STALL HEADER	120"		Header for A-Collection swing door stalls. Not interchangeable with V/F Collection #1071 stall curb/header.	A/U
1022	STALL CURB Version B	120"		Curb for A/U swing door stalls. #1022 allows all posts to lock into the curb. Not interchangeable with V/F Collection #1071.	A/U
1023	180° TUB POST	140"		180° post for ATE/ASE-180's. Attaches to part #1042 with #2106.	A/U
1024	RAISED LEDGE STALL CURB	120"		Raised ledge curb for certain shower pans with raised flanges on non-threshold sides. Adds 7/16" to standard overall heights of A-Collection units.	A/U
1025	CURB FILLER Version B	138"		Filler/dam which snaps into the #1022 in A-Collection stall, underneath the swing door. Not interchangeable with V/F-Collection #1072.	A/U
1026	WALL CHANNEL	140"		Vertical wall channel or horizontal panel sill on buttress sills. Use two pieces of #4013 to glaze 1/4" glass into the channel.	A/U
1027	90° POST	140"		90° post used in A-Collection stalls. Attaches to #1003 with #2111. Also used for attachment to #1026 for 90° glass to glass buttress applications.	A/U
1028	90° GLASS POST	140"		90° post used in A-Collection stalls for glass to glass applications. Four pieces of #4013 are required to glaze 1/4" glass into the channel.	A/U
1029	135° POST	140"		135° post used in A-Collection stalls. Attaches to #1003 with #2111. Also used for attachment to #1026 for 135° glass to glass buttress applications.	A/U

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Extrusions

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

AG Part #	Description	Stock Length	Shape	Usage	Unit
1030	135° GLASS POST	140"		135° post used in A-Collection stalls for glass to glass applications. Four pieces of #4013 are required to glaze 1/4" glass into the channel.	A/U
1031	180° POST	140"		180° post used in A-Collection stalls. Attaches to #1003 with #2111. Also used for attachment to #1026 for 180° glass to glass buttress applications.	A/U
1032	180° GLASS POST	140"		180° post used in A-Collection stalls for glass to glass applications. Four pieces of #4013 are required to glaze 1/4" glass into the channel.	A/U
1033	LOW PROFILE STALL HEADER	138"		A-Collection stall header used when a lower profile header is required. Also used for ASD steam applications.	A/U
1034	UNIVERSAL ANGLE POST	140"		Universal angle post used in A-Collection stalls. Attaches to #1003 for glass/door applications and to #1032 for glass to glass buttress applications.	A/U
1037	1" X 2" UTILITY POST	120"		Utility post used to reinforce #1040, #1049 and #1050 headers for oversized sliders.	A/U/V/F
1038	ASD 3/8" OR 1/2" FILLER	136"		3/8" or 1/2" filler which the #1003 or #1068 can sit on to extend the net opening of a standard door (example: can take a ASD-24 door out to 25 3/8").	A/U/V/F
1040	TUB HEADER	96", 120"		Standard ASE/ATE tub header, is interchangeable with #1049.	A/U
1042	TUB JAMB	116", 140"		Standard ASE/ATE tub jamb.	A/U
1200	TOWEL BAR 3/4" DIAMETER	140"		Standard ASE/ATE and FTE/FSE towel bar.	A/U/F
1045	1/4" TUB JAMB FILLER	140"		Back filler for #1042 on 1/4" mud set tile.	A/U/V/F
1046	1" STACKING TUB JAMB FILLER	140"		Ripping stock for out of plumb or angled wall on ASE/ATE's. Filler snaps behind #1042 and stacks on itself. Also is a 1" filler for #1062 SCS.	A/U/V/F

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Extrusions

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

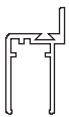

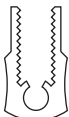

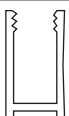

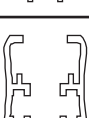

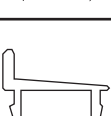

AG Part #	Description	Stock Length	Shape	Usage	Unit
1047	STAY CLEAN SILL FILLER	120"		Ripping stock for excessive out of level situations. Fills below a #1120 ASE/ATE stay clean sill.	A/U/V/F
1048	SLIDER STEAM SEAL CHANNEL	120"		Converts ASE/ATE's to steam sliders. Use SP-1 for the steam seal in the #1048 and #4020 in the #1042. Glazes onto 1/4" using #4017.	A/U
1049	EURO HEADER	144"		Euro Header for ASE/ATE's. Requires #2019 to secure header to #1042 tub jambs or vertical posts. Uses 4-#2013 or 4-#2014 clips to attach miters.	A/U
1052	ESTATE HEADER	120"		Estate Header for ESE/ETE's. Uses 4-#2013 or 4-#2014 clips to attach miters.	E/A/U
1120	STAY CLEAN SILL	96", 120"		Stay clean sill for ASE/ATE's.	A/U
1121	ATE/ASE GLASS SHOE	120"		Bottom shoe for clear 1/4" sliding glass panels on ASE/ATE's.	A/U
1050	V/F TUB HEADER	96", 120"		V and F Collection tub header.	V/F
1051	V/F TUB JAMB	114", 140"		V and F Collection tub jamb.	V/F
1053	V DOUBLE TOWEL BAR	136"		V Collection double towel bar. Works with #3045 towel bar assemblies.	V
1059	V/F 180° TUB POST	140"		V and F Collection 180° tub post, requires two pieces of #4025 to glaze 3/16" glass.	V/F
1060	V/F 90° TUB POST	140"		V and F Collection 90° tub post, snaps into #1051 and is secured with #2106. Requires two pieces of #4025 to glaze 3/16" glass.	V/F
1061	V/F 135° TUB POST	140"		V and F Collection 135° tub post, snaps into #1051 and is secured with a #2106. Requires two pieces of #4025 to glaze 3/16" glass.	V/F

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Extrusions

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

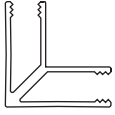

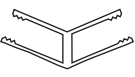

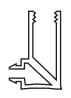

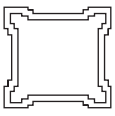

AG Part #	Description	Stock Length	Shape	Usage	Unit
1062	V/F STAY CLEAN SILL	120"		Stay clean sill for VSE/VTE's and FSE/FTE's. Use #4031 (VSE/VTE) and #4032 (FSE/FTE) in the pull through channel.	V/F
1065	VSD HINGE JAMB	136"		Hinge jamb for VSD's. Use #4027 for the water seal. VSD hinge clips, #2202, affix to the top and bottom.	V
1066	VSD HINGE RAIL	134"		Hinge rail for VSD's. Use #4022 to glaze the door panel into the rail. Extrusion #2202 inserts into the circular area of the #1066.	V
1067	VSD LATCH JAMB	136"		Offset latch jamb for the VSD. Use #4028 for the water seal. Replaces non-offset #1067.	V
1068	VSD/FSD WALL CHANNEL	138"		1" wall channel/adjustable filler. FSD/VSD latch and hinge jambs slide over #1068 when used a filler. Doubles as wall channel for 3/16" glass use #4025 to glaze 3/16" glass.	V/F
X065	VSDX HINGE JAMB	136"		Hinge jamb for VSD-X's. Use #4027 for the water seal. VSD hinge pins affix to the top and bottom.	V
X067	VSDX LATCH JAMB	136"		Latch jamb for the VSD-X. Use #4028 for the water seal.	V
X068	VSDX/FSD X WALL CHANNEL	138"		1 1/2" wall channel/adjustable filler. Used as the filler for FSD/VSD-X latch and hinge jambs. Used as wall channel for 3/16" glass use #4025 to glaze.	V/F
1069	VSD BOTTOM RAIL	128"		Bottom rail for VSD's. Use #4022 to glaze the door panel into the rail. #1097 and #4018 sweep are attached to bottom rail using #4101 double sided tape.	V
1070	V/F BUTTRESS SILL	120"		Interlocking horizontal buttress sill. This is a wet glaze channel, no vinyl is required. Weep holes are recommended. Not interchangeable with #1016.	V/F
1071	V/F HEADER AND CURB	140"		Header and curb filler for V and F Collection swing door stalls. Snaps into #1071. Not interchangeable with #1025.	V/F
1072	V/F HEADER/CURB FILLER	137"		Header and curb filler for V and F Collection swing door stalls. Snaps into #1071. Not interchangeable with #1025.	V/F

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Extrusions

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

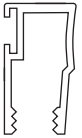

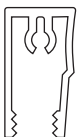

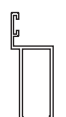

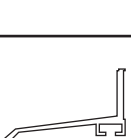

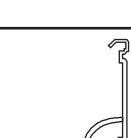

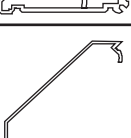

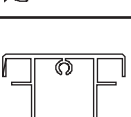

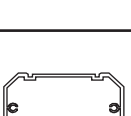

AG Part #	Description	Stock Length	Shape	Usage	Unit
1073	V/F 180° POST	140"		180° glass to glass post and glass/door filler for V and F Collection stalls. Hinge and latch jambs slide over post for adjustment. Glaze with 3/16" glass with #4025.	V/F
1074	V/F 90° POST	140"		90° glass to glass post and glass/door filler for V and F Collection stalls. Hinge and latch jambs slide over post for adjustment. Glaze with 3/16" glass with #4025.	V/F
1075	V/F 135° POST	140"		135° glass to glass post and glass/door filler for V and F Collection stalls. Hinge and latch jambs slide over post for adjustment. Glaze with 3/16" glass with #4025.	V/F
1076	V/F EXTENSION POST	138"		Extension post for V and F Collection stalls. Snaps into the glazing end of any post (#1073 - #1081) to lengthen step overs in 1" increments.	V/F
1077	V/F 180° BUTTRESS POST	140"		Curb to header post on 90° (w/#1079) and 180° (w/#1078) buttress step-ups.	V/F
1078	V/F BUTTRESS POST (MALE)	140"		180° Buttress to header post (this post sits on top of the buttress). Slide together with #1077. Secure posts together with #2104.	V/F
1079	V/F 90° BUTTRESS POST	140"		90° Buttress to header post (this post sits on top of the buttress). Slide together with #1077. Secure posts together with #2104.	V/F
1080	V/F UNI-ANGLE POST (FEMALE)	140"		Universal angle post. Use with #1081 to form any angle for V and F Collection stalls. V/F hinge and latch jambs slider over this post for adjustment capability.	V/F
1081	V/F UNI-ANGLE POST (MALE)	140"		Universal angle post. Use with #1080 to form any angle for V and F Collection stalls. V/F hinge and latch jambs slider over this post for adjustment capability.	V/F
1084	UTILITY 4-WAY POST	120"		Outside dimensions are 1 1/8" X 1 1/8", so you can butt stall headers and curb into it. Indentations in the surface will index any A, V, or F Collection vertical post.	A/U/V/F
1088	FTE/FSE VERTICAL RAIL	116", 140"		Sliding panel vertical rail for FTE/FSE's. Attach mitered corners with #2104. Use #4030 for boot vinyl to glaze 1/8" or 5/32" glass.	F
1089	FTE/FSE HORIZONTAL RAIL	124"		Sliding panel horizontal rail for FTE/FSE's. Attach mitered corners with #2104. Use #4030 for boot vinyl to glaze 1/8" or 5/32" glass.	F

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Extrusions

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

AG Part #	Description	Stock Length	Shape	Usage	Unit
1090	FSD HINGE RAIL	136"		Hinge rail for FSD's. Use #4029 for boot vinyl. Attach mitered corners with #2104. Use #4029 VS-17 for boot vinyl to glaze 1/8" or 5/32" glass.	F
1091	FSD LATCH RAIL	136"		Latch rail for FSD's. Use #4100 magnetic strip in the channel. Attach mitered corners with #2104. Use #4029 for boot vinyl to glaze 1/8" or 5/32" glass.	F
1092	FSD HORIZONTAL RAIL	136"		Top and bottom rail for FSD's. Attach mitered corners with #2104. Use #4029, for boot vinyl to glaze 1/8" or 5/32" glass.	F
1093	FSD LATCH JAMB (1" adjustment)	136"		Latch jamb for FSD's. Use #4100 magnetic strip in the channel. Not interchangeable with #1067.	F
X093	FSDX LATCH JAMB (2" adjustment)	136"		Latch jamb for FSD's. Use #4100 magnetic strip in the channel. Not interchangeable with #X067.	F
1094	FSD HINGE JAMB (1" adjustment)	136"		Hinge jamb for FSD's. Not interchangeable with #1002.	F
X094	FSDX HINGE JAMB (2" adjustment)	136"		Hinge jamb for FSD's. Not interchangeable with #X002.	F
1097	VSD/FSD DRIP DEFLECTOR	136"		Drip deflector for FSD. Use double sided tape to fasten to #1092. Use #4018 for the sweep.	V/F
1D00P	DISPLAY 90° VERTICAL POST, BLACK ONLY	168		Vertical post for deluxe aluminum display. Only sold with complete display.	DISPLAY
1D01P	DISPLAY VERTICAL POST CAP, BLACK ONLY	168		Vertical post cap for deluxe aluminum display. Snaps into #1001. Only sold with complete display.	DISPLAY
1D02P	DISPLAY HORIZONTAL RAIL, SILVER ONLY	148		Horizontal rail for deluxe aluminum display. Only sold with complete display.	DISPLAY
1D03P	DISPLAY 180° VERTICAL POST, SILVER ONLY	168		Vertical 180° post for free standing rack display. Only sold with complete display.	DISPLAY

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Vinyls

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

Part#	Color	Description	Roll Length	Profile	Usage	Units
4011	Black	STALL/CURB HEADER GLAZING VINYL (VS-1)	Cut Lengths & 350' Rolls		Glazes between top and bottom of stationary glass panels and #1020, #1021 and #1022 A-Collection headers and curbs.	A/U
4013	Black	GLAZING VINYL (VS-3)	Cut Lengths & 350' Rolls		Used on both sides of panel to glaze stationary panels into A/U-Collection vertical posts.	A/U
4014	Black	SPECIAL USE VS-4	1500'		Some customers use this vinyl instead of #4013 and #4025.	Special Use
4015	Black	HINGE VINYL (VS-5)	1500'		Used as the vinyl seal in hinge and latch jambs (#1001, #1002) in A-Collection and hinge jamb (#1094) of F-Collection.	A/U
4017	Black	STEAM SEAL BOOT VINYL (VS-6)	100'		Glazes #1048 to 1/4" glass. Also used for steam sill applications on Euro, Accent, and Silhouette Collection sliders.	A/U
4018	Black	DOOR SWEEP (VW-2)	3' cut lengths only		Sweep vinyl for ASD, FSD and VSD. Fits in the channels of #1009 and #1097. Sold in 3' cut lengths only	A/U/ V/F
4020	Black	LP-1 LARGE PILE STEAM SEAL (1042)	100'		Steam seal which fits into #1042 tub jambs. Use silicon or double sided tape to secure the pile vinyl into #1042.	A/U
4021	Black	SP-1 SMALL PILE STEAM SEAL (1048)	100'		Steam seal which fits into #1048 tub jambs. Pile vinyl slide through the channel of #1048.	A/U
4022	Black	VSD BOOT VINYL (VS-10)	350'		Boot vinyl which glazes VSD #1066 hinge rails and #1069 bottom rails to 3/16" glass.	V
4025	Black	GLAZING VINYL (VS-13)	Cut Lengths & 1000' Rolls		Used on both sides of panel to glaze stationary panels into V and F Collection vertical posts.	V/F
4026	Black or Clear	CURB VINYL (VS-14)	Cut Lengths & 500' Rolls		Glazes V and F Collection stationary panels into the #1071 header/curb.	V/F
4027	Black	HINGE JAMB VINYL (VS-15)	1000'		Vinyl seal in the hinge jamb of VSD doors.	V

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Vinyls

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

Part#	Color	Description	Roll Length	Profile	Usage	Units
4028	Black	LATCH JAMB VINYL (VS-16)	1500'		Vinyl seal in the latch jamb of VSD doors.	V
4029	Black	FRAMED SWING DOOR BOOT VINYL (VS-17)	500'		Boot glazing vinyl for FSD doors. Glazes #1090, #1091, #1092 onto 1/8" or 5/32" door glass.	F
4030	Black	FRAMED SLIDER BOOT VINYL (VS-18)	700'		Boot glazing vinyl for FSE / FTE doors. Glazes # 1088, #1089 onto 1/8" or 5/32" door glass.	F
4032	Black	TF-3 T-FIN (1062)	1000'		T-Fin for FSE / FTE Sliders. Fits into channel on #1062 stay clean sill.	V/F
4033	Clear	VS-20 3/8" Glass Glazing Vinyl	750'		Glazes 3/8" glass into #1018.	E
4039	Clear	Double Sided Tape for Estate T-Fin	150'		Secures the Estate T-Fin to the edge of the 3/8" glass. Sold as a roll only or attached to #4040	E
4100	N	MF-1 MAGNETIC STRIP (#1091, #1093 & #X093)	200'		Magnetic strip for FSD	F
4101	Grey	1/8" X 3/8" Closed Cell Foam Tape	100'		1/8" X 3/8" closed cell (will not absorb water), single sided adhesive foam tape. Commonly used to replace the vinyl seal on the hinge or latch jamb to stop problem swing doors from leaking.	A,V,F
4102	Black	Allure Option Magnet			Allure Magnet that attaches to the glass on Allure Option Doors.	A, U, E

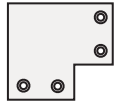

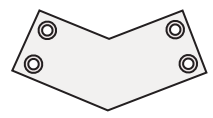

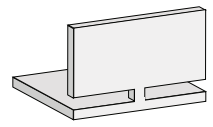

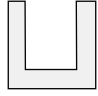

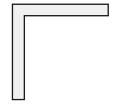

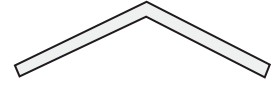

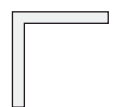

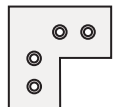

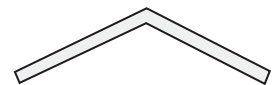

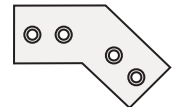

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Small Parts

Extrusions, Vinyls, Small Parts, Hardware, Glass Sizes, etc.

Clips

Part#	Color	Description	Profile	Usage	Units
2000	Natural Alu.	VSD HINGE PIN		Round aluminum pin, goes with #2202N VSD hinge clip. ** non stocked item. Only comes in parts bags and is not sold separately.	A,U
2006	Natural Alu.	90° STAY CLEAN SILL PLATE		Sold w/ 4 -#2112 set screws (#1120). ** Non stocked item. Only comes in parts bags and is not sold separately.	A,U
2007	Natural Alu.	135° STAY CLEAN SILL PLATE		Sold w/ 4 -#2112 set screws (#1120) ** Non stocked items. Only comes in parts bags and is not sold separately.	A,U
2008	Natural Alu.	TUB JAMB CLIP		for A,U sliders #1120 to #1042. ** Non stocked items. Only comes in parts bags and is not sold separately.	A,U
2009	Natural Alu.	ACCENT POST TO CURB KEY		Accent vertical post to panel sills.	A
2010	Natural Alu.	V & F POST TO CURB KEY		V,F vertical post to panel sills.	A,U
2013	Natural Alu.	90° TUB HEADER CLIP		#1040, #1049 OR #1050 , 31/32" tall	A,U,V,F
2014	Natural Alu.	135° TUB HEADER CLIP		#1040, #1049 OR #1050, 31/32" tall	A,U,V,F
2015	Natural Alu.	90° HDR/CURB CLIP		#1020, #1021, #B022, #1071, .350" tall X .350" DEEP	A,U,V,F
2016	Natural Alu.	90° HEADER PLATE		#1020, #1021, #1071, #B022, flat plate w/ 4 countersunk holes.	A,U,V,F
2017	Natural Alu.	135° STALL HDR/CURB CLIP		#1020, #1021, #1071, .350" tall	A,U,V,F
2018	Natural Alu.	135° STALL HEADER PLATE SOLD		#1020, #1021, #1071, flat plate w/ 4 countersunk holes.	A,U,V,F

Notes: Some parts only sold as assemblies or in parts bags, check price sheets for ordering information. All drawings are not scale.

Technical Support - Small Parts
