

Vision - “Contemporary and Practical”

Vision Sliding Doors

Feature a traditional header and double towel bar with minimal metal framing. Accompanied by the Agalite “Stay Clean” seal, this door is practical for any application. The Euro Header option is also available for that smooth, sleek European look.

Vision Swing Doors

With an innovative full-length magnetic latch and continuous hinge design, this semi-frameless door provides superior water retention. The redesigned contemporary header creates a striking, seamless enclosure to match any decor.

D-Pull Option for Vision Swing Doors

This door is versatile and economical but can be upgraded with an optional D-Pull handle for a more elegant look.

“Contemporary and Practical”

As a counterpart to the Fresco, the Vision Collection, with its distinctive looks, eliminate the metal framing around the doors by using 3/16” thick glass with polished edges. Vision’s majestic looks are in class of its own.

The Vision Collection offers the most options and flexibility of any shower door in its class. Durable, high quality aluminum is offered in a variety of different metal finishes or powder coated colors.

Agalite products are covered by our lifetime warranty.
