

# Fresco - “Style And Durability Combined”

## Fresco Sliding Doors

Sleek profile and rigid design accentuate the traditional framed look. The header and towel bar exceed industry standards providing trouble free use of the door for a lifetime. All Agalite products are covered by our lifetime warranty.

## Fresco Swing Doors

The integrated handle and continuous hinge system create superior water retention and smooth operation. This “every occasion door” can accommodate any application. An optional D-Pull handle is available for a more elegant look.

## Euro Option for Fresco Sliding Doors

The undeviating surface of the Euro Option header and the innovative one piece adjustable towel bar defines the mild patterns used in the creation of this door. The European flair is amply represented with this strong yet subtle option.

## “Style and Durability Combined”

If you like the distinct look and feel of a metal frame to accentuate your bath fixtures, then the Fresco Collection is an excellent choice. This fully framed collection displays the beauty of glass, trimmed in your choice of metal finish.

A variety of colors and finishes for the frame, as well as numerous choices of glass, offer a perfect fit in your bath, no matter which accessories you choose.

## “Easy Clean Glass Option”

Are you interested in having to clean your glass shower doors less often? Agalite offers ClearShield glass treatment.

Agalite products are covered by our lifetime warranty.
